

Instant Pot Macaroni 'N Cheese

8 cups of salted water

2 lbs. macaroni

½ stick of butter

2 cups of your choice of shredded cheese

¼ cup milk

Salt, pepper and garlic to taste

Add water and macaroni to your 8-quart instant pot; Secure the lid and make sure your valve is sealed;

Put your instant pot under manual pressure for 2 minutes. When it is done, release the pressure manually; Follow your manufacturer's instructions.

Before stirring the macaroni, drain as much water off as you can. Stir macaroni and add the additional ingredients allowing them to melt.

Taste and season to your liking. Enjoy!
