Peeps Unit Study Directions:

This unit study is designed to lead the group in hands-on activities, discussions, and other learning. As the activity presents itself, have the child stop and complete it before moving onto the next thing.

Can you "peep" the Peeps?

Before you start the lesson, hide 1 package of peeps for every child to find. If you can cover them up, so the student has to "peep" inside that would work perfectly. The students will use these peeps in the Tiny House Activity too. The student will need a dictionary or access to the internet to look up the definition before they play the game.

Build a Tiny House Activity

The student is to sketch a copy of their tiny house for their peep on a piece of paper. This can be as detailed as you would like it to be. They will be using graham crackers for the walls of the house and frosting for the glue. We place the frosting in a Ziploc bag and cut a small hole in the corner as a piping bag. Then they can decorate it however they would like too.

Write a Fiction Story

The students must write an imaginary story about their peep who lives in their house.

Camera Storytime

Have the student present their story and tiny house on video.

Watch Party!

Have the students watch the videos and eat their peeps and tiny house creations.

What does the word peep mean? Look it up in a dictionary or on the internet and write it here.

Can you “peep” the Peeps?

Game Directions:

Your leader has hidden peeps nearby. Can you find them?

Build a Tiny House

Your Peep needs a place to live. Build your peep a tiny house using the supplies given to you by your leader.

Activity Directions:

1. Draw a sketch of a tiny house you would like to build for your Peep.
2. Take it to your leader and explain to them what you plan to do.
3. Once it is approved, build it like the drawing you made.

Write a fiction story about your Peep and their house.

Fiction mean its imaginary and is not based on facts.

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
